

March 1, 2018

It's opening night at the theater. You've settled into your seat, program in hand anticipating the evening to come. The orchestra tunes up, the house lights dim and the magic of live theatre transports you for a few hours to places where anything is possible.

For nearly three decades, CENTERSTAGE has invited the community to join in the excitement of producing fine, live theatre here in our own home town. Young performers learn from seasoned veterans onstage. Apprentice technicians hone their craft in lighting and design under the direction of a professional production staff.

They love what they do and it shows. When you combine this kind of talent with the love of the arts you get standing ovations and audiences that know they have been part of something special. As you can imagine, great theatre is not easily produced and requires a sizeable investment.

I invite you to become part of this growing community of people who love the arts. To those of you who have joined us in the past, thank you. You have made a difference. If you have not yet become a sponsor, you can today.

Please join our community sponsors like the Clovis Community Foundation, the Clovis Unified School District, the Clovis Veterans Memorial District and a growing number of Clovis businesses and theater-loving individuals in supporting CENTERSTAGE. Your donation is tax-deductible and donations at any level are appreciated.

Then, this summer when Disney's The Little Mermaid sings "Part of Your World", you will know that your donation helped bring this magical story to life in our own home town and become a part of the exciting world of live theatre.

Please join us. For more information visit our website at:
